

ALL SEASONS ORCHESTRA

HAPPY EASTER EVERYONE!

We're very much into Spring now and here at All Seasons we are delighted to be continually welcoming new players into the musical fold.

We've recently started burbling our way through a lovely new arrangement of Debussy's gorgeous *Clair de Lune*, and amidst our standard classical works for this term we've got another new piece from Tracey to look forward to this term – we very much enjoyed romping our way through *Orleans Abbie* last term.

At the beginning of May we've got a special event scheduled focussing on conducting. It's designed to demystify for players what all the flailing, pointing and loop the loops at the front are actually about and also to give you the chance to try your hand at conducting.

The music will be light, accessible and fairly easily, but we would still very much appreciate the support of those of you who are more experienced in orchestral playing – you may not realise it but you play an important role in boosting the confidence of those around you (especially when you get things wrong and the world doesn't end!)

Cat x
